

**Letter of Intent for
a cooperation between
the Faculty of Engineering at the University of Debrecen and
Faculty of Engineering Science and Technology
at UiT The Arctic University of Norway**

The Faculty of Engineering Science and Technology at UiT The Arctic University of Norway declares the intention to *offer courses* in the programme of the

Pekár Imre Doctoral School of Mechanical Engineering

established at the Faculty of Engineering University of Debrecen and also to *review doctoral theses* and to *participate in the work of the doctoral committee*.

The Faculty of Engineering Science and Technology at UiT The Arctic University of Norway is ready to *receive PhD students* from Debrecen so that they can do research in connection with their thesis if a proper scholarship is assured either by the University of Debrecen or UiT The Arctic University of Norway and that all other conditions of the reception are fulfilled.

In each case the cooperation between Faculty of Engineering Science and Technology at UiT The Arctic University of Norway and the Faculty of Engineering at University of Debrecen in the programme of the Pekár Imre Doctoral School of Mechanical Engineering should be carried out on the base of a previous discussion.

The Parties agree that this Letter of Intent is not legally binding and does not contain any financial commitments but expresses the intention of the Parties to do their best in order to make the cooperation contained herein successful and to implement the jointly determined objectives, the details of which shall be recorded in separate sub-agreements designed to produce legal effects.

Bjørn Reidar Sørensen

Professor

dean of the Faculty of Engineering Science
and Technology at UiT The Arctic
University of Norway

Ferenc Kalmár

professor

head of the Pekár Imre Doctoral School of
Mechanical Engineering at the Faculty of
Engineering University of Debrecen
